Friday October 18, 2019

American Society of Shoulder and Elbow Therapists Education Session

Location: Bowery

Time: 7:00am to 3:00pm

American Society of Shoulder and Elbow Therapists Founders' Reception

Location: Gramercy

Time: 6:00pm to 8:00pm

Saturday October 19, 2019

American Society of Shoulder and Elbow Therapists Education Session

Location: Bowery

Time: 7:00am to 11:00am

2019 ANNUAL MEETING
Thursday, October 17 – Saturday, October 19, 2019
Sheraton Times Square, New York, New York

FIRST SCIENTIFIC SESSION
Thursday, October 17, 2019

6:30 am – 7:45 am

Registration and Breakfast (Gramercy)

7:45 am

Welcome and Announcements

Aaron Sciascia, PhD, ATC, **Past-President**

June Kennedy, MS, PT, **President**

8:00 am – 9:00 am

ASES Surgeon Lecture:

Moderator: Aaron Sciascia, PhD, ATC, PES

Current Perspectives on the Evaluation of the Arthritic Shoulder

Brent Morris, MD Fondren Orthopedic Group, Houston, TX

9:00 am – 10:00 am

Abstract Session I: Osteoarthritis

Moderator: TBD

Abstract #1

9:00 am

American Society of Shoulder and Elbow Therapists Consensus Rehabilitation Guidelines Following Anatomic Total Shoulder Arthroplasty – Process Development and Status Update

J Kennedy

Presented by: June Kennedy, PT, MS

Abstract #2

9:15 am

Post-operative Rehabilitation Versus a Physician's Directed Home Program after Shoulder Arthroplasty: What do Patients Prefer?

A Gager, D Kokmeyer, D Endrizzi
Presented by: Dirk Kokmeyer, PT, DPT, SCS, COMT

Abstract #3

9:30 am Humeral Fractures: Not all turn out great. 3 clinical cases that presented with unique challenges in the management of proximal humerus fractures
J Pniewski
Presented by: Josh Pniewski, PT, DPT

10:00 am – 10:15 am

BREAK

10:15 am – 11:30 am

Abstract Session II: Glenohumeral Concerns

Moderator: TBD

Abstract #4

10:15 am Scapular dyskinesia following displaced fractures of the middle clavicle
E Shields, C Behrend, T Beiswenger, B Strong, C English, M Maloney, I Voloshin
Presented by: Tanya Beiswenger, PT, SCS, ATC, MPH

Abstract #5

10:30 am The Effect of Pain on Rotator Cuff Critical Shoulder Angle
D Kokmeyer, L Thein Brody, S Koppenhaver, C Thigpen
Presented by: Dirk Kokmeyer, PT, DPT, SCS, COMT

Abstract #6

10:45 am Right shoulder traumatic posterior dislocation with complete tear of the infraspinatus at the musculotendinous junction. A case report
T Peterson
Presented by: Todd Peterson, ATC, PTA, CSCS

Abstract #7

11:00 am Measurement of Supraspinatus Tendon Stain Using Ultrasound Speckle Track Analysis
M Timmons
Presented by: Mark Timmons, PhD, ATC

11:30 am – 1:00 pm

LUNCH ON OWN/BOARD MEETING

1:00 pm – 2:15 pm

Abstract Session III: Elbow

Moderator: TBD

Abstract #8

1:00 pm Developing a post-operative protocol to improve range of motion and self-reported outcomes following distal biceps brachii tendon repair using an anterior approach: a case series
C Dunbar; H Olsen
Presented by: Chris Dunbar, OTD, CHT

Abstract #9

1:15 pm Management of Elbow Stiffness with Static Progressive Orthoses
N Villarauz
Presented by: Naomi Villarauz, PT

2:00 pm – 2:15 pm

BREAK

2:15- 3:45 pm

ASES/ASSET Combined Panel Discussion

Moderator:

W. Ben Kibler, MD

Shoulder Center of Kentucky, Lexington, KY

Samer Hasan, MD
John Kuhn, MD
Felix Savoie, III, MD

ASES Contributors

Cincinnati Sports Medicine, Cincinnati, OH
Vanderbilt University Medical Center, Nashville, TN
Tulane Orthopaedics, New Orleans, LA

Rebecca Dickinson, PT
Aaron Sciascia, PhD, ATC, PES
Jonathan Sum, PT, DPT, OCS, SCS

ASSET Contributors

Vanderbilt University Medical Center, Nashville, TN
Eastern Kentucky University, Richmond, KY
University of Southern California, Los Angeles, CA

SECOND SCIENTIFIC SESSION

Friday, October 18, 2019

7:00 am – 8:00 am

Breakfast (Gramercy)

8:00 am – 9:30 am

Abstract Session IV: Risk Factors for Injury

Moderator: TBD

Abstract #10

8:00 am Muscle Synergy Adaptations in the Overhead Athlete
M Wambold; C Taylor; C Tucker; S Thomas
Presented by: Stephen Thomas, PhD, ATC

Abstract #11

8:15 am Risk factors for throwing arm injury in adolescent baseball players: a critically appraised topic
S Moore, K Huxel Bliven
Presented by: Stephanie Moore, PhD, ATC

Abstract #12

8:30 am Restricted Glenohumeral Horizontal Adduction Motion: Impact on Shoulder and Elbow Kinetics in Collegiate Baseball Pitchers
K Laudner, R Wong, K Meister
Presented by: Kevin Laudner, PhD, ATC

Abstract #13

8:45 am A Descriptive Profile of High School Baseball Players and Their Injuries throughout the Season
T Spigelman, J Waldecker, A Sciascia
Presented by: Tracy Spigelman, PhD, ATC

Abstract #14

9:00 am Monitoring Workload and Upper Limb Injury in Junior Tennis Players
N Myers, G Mexicano, K Aguilar, D Knudson
Presented by: Natalie Myers, PhD, ATC, PES

Abstract #15

9:15 am Criteria for Return to Sports Following a Shoulder Injury: What are we really using and doing? What should we be doing?
G Davies
Presented by: George Davies, DPT, MEd, PT, SCS, ATC, LAT, CSCS, PES, CSMS, FAPTA

9:30 am – 10:30 am

Business Meeting

10:30 am – 10:45 am

Awards

10:45 am – 11:20 am

ASSET Future (President- Elect)

11:30 am – 12:00 pm

Presidential Address

Frank Cordasco, MD

12:00 pm – 1:20 pm

Lunch

1:30 pm – 1:45 pm

Ernest Amory Codman Lecture

Shoulder Arthritis: Dr. Codman's Views and Applying End Results

Robert Cofield, MD

2:00 pm – 3:00 pm

Founders and Fellows Roundtable

6:00 PM – 8:00 pm

Founders' Reception (Gramercy)

THIRD SCIENTIFIC SESSION

Saturday, October 19, 2019

7:00 am – 8:00 am

Breakfast (Gramercy)

8:00 am – 9:00 am

ASES Surgeon Lecture:

Moderator: June Kennedy, PT, MS

Surgeon's perspective of the role of the rehabilitation specialist in shoulder care

Grant Garrigues, MD Midwest Orthopaedics at Rush Chicago, IL

9:00 am – 10:25 am

Abstract Session V: Rehabilitation Considerations

Moderator: TBD

9:00 am

Blocking and Tackling: Does Manual Therapy Work?

C Thigpen

Presented by: Chuck Thigpen, PhD, PT, ATC

9:50 am – 10:00 am

BREAK

Abstract #16

10:00 am

Factors that predict a patient's perceived improvement in an Outpatient Physical Therapy clinic

B Coote

Presented by: Brian Coote, PT, MBA, SCS, CSCS

Abstract #17

10:15 am

Accelerated Rehabilitation and Return to Throwing Following Posterior Superior Labral Repair in Collegiate Baseball Player: A Case Report

H McDevitt, T Munnell, J Kraayeveld

Presented by: Helen McDevitt, MSPT, OCS

Abstract #18

10:30 am

Weighted Ball Programs for Baseball Pitchers: What are Your Recommendations as Rehabilitation Clinicians?

T Manners

Presented by: Travis Manners, PT, SCS, CSCS

Abstract #19

10:45 am Optimal Stimulation for Tissue Repair for the Shoulder
K Kocher
Presented by: Keith Kocher, PT, MOMT, FAAOMPT

11:00 am

Closing Remarks/Meeting Adjourn

Aaron Sciascia, PhD, ATC, PES Past-President
