LETTER OF RECOMMENDATION FROM A LICENSED PHYSICIAN FOR ACTIVE, INTERNATIONAL OR AFFILIATE MEMBERSHIP

The American Society of Shoulder and Elbow Therapists is a group formed to enhance interest, knowledge, expertise, and effectiveness in the area of shoulder and elbow rehabilitation. It is also the group's goal to provide the structure to promote scientific documentation which would advance treatment of the shoulder and elbow and to provide the dissemination of that information. Our third goal is to create a framework to foster communication between therapists and surgeons. We have asked each therapist or athletic trainer applying for membership to obtain a letter of recommendation from a licensed physician; however, we ask that you provide this letter to no more than two individuals in the same year.

Please indicate the length of time you have known this therapist and any comments you have that would be helpful in supporting their membership in this group.

Finally, please return your recommendation in a sealed envelope to the applicant.

Thank you very much for your time and support.
